Dear Hiring Manager,

Thank you for the opportunity to apply for the Deep Learning Internship role at your company. After reviewing your job description, it's clear that you're looking for a candidate that is extremely familiar with the responsibilities associated with the role, and can perform them confidently. Given these requirements, I am certain that I have the necessary skills to successfully do the job adeptly and perform above expectations.

I am an adaptable collage student (Masters in Computer Science) currently attending International Institute of Information Technology, Hyderabad. During the course of my academic career, I also managed to accrue nearly 2 Months of work experience, I had the privilege of working for JPMorgan Chase as a Virtual Software Development Intern in my free time, where I learned valuable professional skills such as Establishing Financial Data Feeds, Frontend Web Development and Data Visualization with perspective(JPMC's proprietary software). And also Along with that I have worked on a Research Work RackLay estimating the layouts of the warehouse racks given the 2d Estimating the top view and front view layouts where I learned implementing Deep Neural Networks, handling Large Data sets, Using Computer Vision algorithms to improve the Network Outputs. In both my academic and professional life, I have been consistently praised for my focus by my professors and peers. Whether working on academic, extracurricular or professional projects, I apply proven creative thinking, research and problem-solving skills, which I hope to leverage into the Deep Learning Internship role at your company.

After reviewing my resume, I hope you will agree that I am the type of competent and competitive candidate you are looking for. I look forward to elaborating on how my specific skills and abilities will benefit your organisation. Please contact me via email at anuragsahu926@gmail.com to arrange for a convenient meeting time.

Thankyou for your consideration, and I look forward to hearing from you soon.

Sincerely,
Anurag Sahu
